CMX Series F-Connector

Satellite Series Coaxial Cable

PPC Innovate. Connect.
A BELDEN BRAND

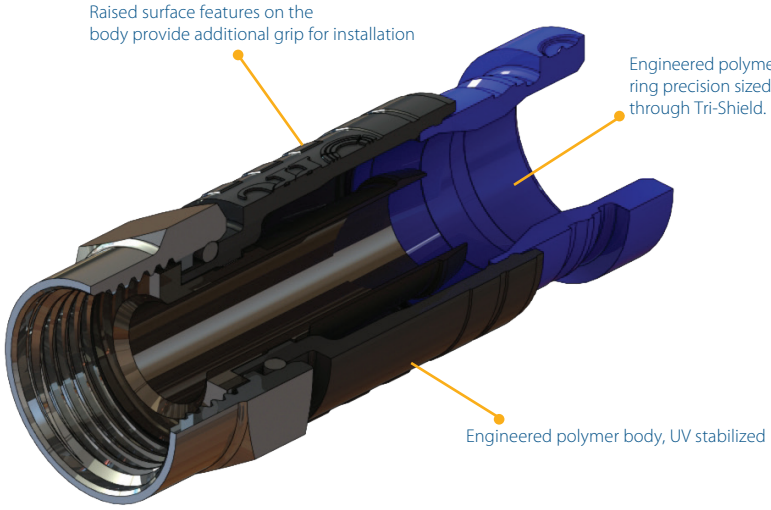
The CMX Satellite series compression connector is designed to excel on TV & Satellite cables. The engineered polymer body and compression ring provide simple installation while maintaining high performance both mechanically and electrically.

The CMX series works with industry standard ¼" x ¼" x ¼" cable preparation and is compatible with both "U" shaped and 360° support compression tools.

CMX Satellite Series Compression Connector - High performance, simple installation

Thanks to its precisely sized body and compression ring the CMX Satellite series connector has one of the industries lowest compression forces making it easy to use with many tools and preventing technician fatigue or discomfort.

Color coded compression rings makes it easy to quickly identify the series 100 connectors and series 65 connectors.



Product Specifications	
Bandwidth	0 MHz to 3 GHz
Impedance	75 Ohms (nominal)
Return Loss	Minimum -25dB to 3 GHz
Insertion Loss	Less .18 dB
Operating Voltage	90 V (at 60 Hz continuous AC)
Operating Temperature	-40° F to + 140° F (-40° C to 60° C)
