

Certification, troubleshooting, and installation tools for professionals who install and maintain critical network cable infrastructures

## About Fluke Networks

---

Fluke Networks is the worldwide leader in certification, troubleshooting, and installation tools for professionals who install and maintain critical network cabling infrastructures.

They help network professionals ensure the performance and reliability of our connected world.

## Solutions

---

### Cable Certification System

- Versiv: DSX-8000, DSX-5000, FI-7000, CertiFiber Pro, OptiFiber Pro

### Fibre Cabling Test Equipment

- MultiFiber
- SimpliFiber
- Inspection and Cleaning

### Copper Data Cabling Test Equipment

- MicroScanner
- CableIQ
- IntelliTone Pro 200
- TS90/TS100

### Test Telephones

- TS19/TS25/TS30/TS54 Test Sets

### Tools

- Cable preparation and termination tools

*Critical Networks Rely on Fluke Networks*

\*Available in certain geographies

\*\*Applies to accessories included in the original product bundle

## Gold Membership Privileges

### Technical Support

Unlimited 24/7 technical expertise.

### Repair

Unlimited, no-hassle, no-charge PRIORITY repair services including labour, parts and shipping.

### Loan Unit

A loan or replacement unit can be provided during repair, available the next business day for ZERO downtime.

### Accessories

Parts and accessories that shipped with your unit and have been qualified as defective or faulty by Fluke Networks technical assistance centre will be replaced free of charge during the term of your Gold Membership.

### Calibration

One annual precision calibration and factory refresh per annual contract period. In addition, all accessories are

inspected and replaced if faulty.

### Upgrades/Updates

Valuable software and firmware upgrades for your unit during the year giving you the latest functionality, improving technical efficiency and troubleshooting.

### Discounts and Members-Only Promotions

Special discounts are offered to Gold customers on new products, enhancements and used demo equipment.

### Easy Access to Gold Entitlements

Upon purchase, your company will receive a unique Gold Membership Number and PIN for secure access to your online Gold account.

## Fluke Networks DSX-8000

DSX-8000 Cat 8 cabling tester

- Full Cat 8 testing capability
- Intertek verified Level 2G accuracy
- Built on the modular Versiv platform
- Cat 8 2-way autotest in just 16 seconds
- Cat 6A 2-way autotest in just 8 seconds
- Tests TIA Cat 5e, Cat 6, Cat 6A and Cat 8
- Tests ISO/IEC Classes C, D, E, EA, F, FA and I/II
- Taptive™ user interface simplifies set-up and eliminates errors
- Optional Gold Support for full peace of mind and inclusive annual calibration

| Item   | Man. Code         | Model                       | Test Up To | Gold Services       | UoM  | Price      |
|--------|-------------------|-----------------------------|------------|---------------------|------|------------|
| 813607 | DSX2-8000 INT     | DSX2-8000                   | Cat 8      | No Gold Support     | Each | £10,486.00 |
| 813613 | DSX2-8000/GLD INT | DSX2-8000 with Gold Support | Cat 8      | 1 Year Gold Support | Each | £11,424.00 |
| 807234 | GLD-DSX-8000      | Gold Support for DSX2-8000  |            | 1 Year Gold Support | Each | £960.00    |

## Fluke Networks DSX-8000 Upgrade Units

Upgrade units to enable Cat 8 testing on existing Versiv platform testers

- Can be used with OptiFiber and FI-7000 FiberInspector
- Optional Gold Support for complete peace of mind and inclusive annual calibration

| Item   | Man. Code       | Model                            | Test Up To | Gold Services       | UoM  | Price      |
|--------|-----------------|----------------------------------|------------|---------------------|------|------------|
| 807233 | DSX2-8000-ADD-R | DSX2-8000 Add-on Kit with Remote | Cat 8      |                     | Each | £10,482.00 |
| 807235 | GLD-DSX-8-ADD   | Gold Support for DSX-8000-ADD    |            | 1 Year Gold Support | Each | £864.00    |
| 807236 | GLD-DSX-8-ADD-R | Gold Support for DSX2-8000-ADD-R |            | 1 Year Gold Support | Each | £900.00    |

## Fluke Networks DSX-5000

DSX-5000 copper cabling tester

- Tests up to TIA Cat 6A or ISO/IEC Class FA
- Full Cat 5e/6 2-way autotest in 9 seconds
- Full Cat 6A 2-way autotest in just 10 seconds
- ProjX system manages job requirements and progress from set-up to systems acceptance, making sure all tests are completed correctly
- Taptive™ user interface simplifies set-up, and eliminates errors
- Analyse test results and create professional test reports using LinkWare management software
- Optional Gold Support for complete peace of mind and inclusive annual calibration

| Item   | Man. Code         | Model                       | Test Up To | Gold Services       | UoM  | Price      |
|--------|-------------------|-----------------------------|------------|---------------------|------|------------|
| 813610 | DSX2-5000 INT     | DSX2-5000                   | Cat 6A     | No Gold Support     | Each | £9,202.00  |
| 807237 | DSX2-5000/GLD INT | DSX2-5000 with Gold Support | Cat 6A     | 1 Year Gold Support | Each | £10,048.00 |
| 807259 | GLD-DSX-5000      | Gold Support for DSX2-5000  |            | 1 Year Gold Support | Each | £840.00    |

## Fluke Networks DSX-5000 Upgrade Units

Enable Cat 6A testing to be carried out on existing Versiv products

- Suitable for use with CertiFiber, OptiFiber and FI-7000 FiberInspector
- Version with Versiv remote required for OptiFiber and FI-7000 FiberInspector

807238

807239

| Item   | Man. Code | Model                           | Test Up To | Gold Services   | UoM  | Price     |

## Fluke Networks DSX-5000 + OLTS Kits

Cat 6A copper and Tier 1 fibre testing kits

- Kits include Versiv Main & Remote units, DSX-5000 modules and CertiFiber OLTS modules
- Include fibre launch leads, one click cleaners and FI-1000 USB video probe
- Include copper permanent link and channel adaptors
- All supplied in a rugged carry case

| Item   | Man. Code         | Model                         | Test Up To         | Gold Services       | UoM  | Price      |
|--------|-------------------|-------------------------------|--------------------|---------------------|------|------------|
| 807285 | DSX2-5000QI INT   | DSX2-5000QI                   | Cat 6A + Quad OLTS | No Gold Support     | Each | £20,861.00 |
| 809303 | DSX2-5000QI/G INT | DSX2-5000QI with Gold Support | Cat 6A + Quad OLTS | 1 Year Gold Support | Each | £22,829.00 |
| 807859 | GLD-DSX-5000QI    | Gold Support for DSX2-5000QI  |                    | 1 Year Gold Support | Each | £2,028.00  |

## Fluke Networks FI-7000 Copper + OLTS Testing Upgrade Kit

Upgrade your FI-7000 FiberInspector Pro to full Cat 6A copper and Tier 1 fibre testing

- Includes Versiv Remote unit, DSX-5000 copper modules and OLTS fibre modules
- Includes fibre launch leads
- Includes copper permanent link and channel adaptors
- Supplied in a rugged carry case

| Item   | Man. Code        | Model                      | Test Up To         | Gold Services   | UoM  | Price      |
|--------|------------------|----------------------------|--------------------|-----------------|------|------------|
| 807287 | DSX2-CFP-Q-ADD-R | DSX Add-on Kit with Remote | Cat 6A + Quad OLTS | No Gold Support | Each | £16,453.00 |

## Fluke Networks CertiFiber Copper + OTDR Testing Upgrade Kits

Upgrade your CertiFiber OLTS to full Cat 6A and Tier 2 fibre testing

- Test copper cabling up to Cat 6A/Class EA
- Includes DSX-5000 copper modules with permanent link and channel adaptors
- Includes OTDR module with launch leads
- Supplied in a rugged carry case

| Item   | Man. Code     | Model          | Test Up To         | Gold Services   | UoM  | Price      |
|--------|---------------|----------------|--------------------|-----------------|------|------------|
| 807289 | DSX-OFP-Q-ADD | DSX Add-On Kit | Cat 6A + Quad OTDR | No Gold Support | Each | £19,398.00 |

## Fluke Networks CertiFiber Pro

Optical Loss Test Set based on the Versiv platform

- Options for MM and/or SM testing
- Certify two fibres at two wavelengths in three seconds
- ProjX management system ensures all jobs are completed correctly and efficiently
- Provide automatic Pass/Fail analysis to industry standards or custom test limits
- Option for video inspection probe for inspection and classification of fibre end faces
- Taptive™ user interface provides simple, animated guidance to eliminate incorrect reference setup and “negative loss” errors
- Built in Visual Fault Locator
- Analyse test results and create professional test reports using LinkWare Management Software
- 807417, 807418 and 807419 include 2 x inspection cameras
- Optional Gold Support for complete peace of mind

**UoM:** Each

| Item   | Man. Code       | Description                  | Type | Wavelength         | Mode  | Gold Services       | Price      |

## Fluke Networks OptiFiber Pro OTDRs

Versiv based fully featured OTDRs

- Shortest event and attenuation dead zones in the industry
- SmartLoop technology enables the testing of two fibres from one end
- Fast setup and trace times
- Identify faults on multimode and singlemode fibres
- Compatible with LinkWare Live
- Unique data centre configuration for testing fibres in data centres
- 807427, 807428 and 807430 include inspection camera & launch fibres
- Optional Gold Support available for complete peace of mind

**UoM:** Each

## Fluke Networks MultiFiber Pro Power Meters

Power meter for testing multi fibre cables terminated with MPO style connectors

- Automatically scans and tests all fibres in a MPO connector with "Scan All"
- Suitable for use with both singlemode and multimode fibres
- No need for fan-out cables
- Displays results for all fibres
- Automated 8, 10 and 12 fibre measurements

| Item   | Man. Code    | Description    | Type        | UoM  | Price     |
|--------|--------------|----------------|-------------|------|-----------|
| 807434 | MFPowerMETER | MultiFiber Pro | Power Meter | Each | £4,190.00 |

## Fluke Networks MultiFiber Pro Light Sources

Light sources for testing cables terminated with MPO style connectors

- Inject light in to all fibres on the MPO connector
- Singlemode and multimode versions available

| Item   | Man. Code         | Description    | Type         | Wavelength | Mode | UoM  | Price     |
|--------|-------------------|----------------|--------------|------------|------|------|-----------|
| 807435 | MFMULTIMODESOURCE | MultiFiber Pro | Light Source | 850nm      | MM   | Each | £3,500.00 |
| 807436 | MF1310SOURCE      | MultiFiber Pro | Light Source | 1310nm     | SM   | Each | £6,684.00 |
| 807437 | MF1550SOURCE      | MultiFiber Pro | Light Source | 1550nm     | SM   | Each | £6,684.00 |

## Fluke Networks MultiFiber Pro Kits

Eliminate the complexity in testing fibres terminated on MPO style connectors

- Kits include Light Source, Power Meter, Test Reference Cords and MPO One Click Cleaner
- Options for singlemode and multimode testing
- Automatically scan and test all fibres in MPO connectors using "Scan All"
- No need for fan out cables to test multi fibre cables
- Displays results for all tested fibres
- Automated 8, 10 and 12 fibre measurements
- Troubleshoot MPO links
- Checks and reports polarity

| Item   | Man. Code          | Description    | Type | Wavelength  | Mode  | UoM  | Price      |
|--------|--------------------|----------------|------|-------------|-------|------|------------|
| 807438 | MFTK1200           | MultiFiber Pro | Kit  | 850nm       | MM    | Each | £7,515.00  |
| 807441 | MFTK-SM1310        | MultiFiber Pro | Kit  | 1310nm      | SM    | Each | £9,635.00  |
| 807442 | MFTK-SM1310-SM1550 | MultiFiber Pro | Kit  | 1310/1550nm | SM    | Each | £14,287.00 |
| 807444 | MFTK-SM1550        | MultiFiber Pro | Kit  | 1550nm      | SM    | Each | £9,635.00  |
| 807439 | MFTK-MM850-SM1310  | MultiFiber Pro | Kit  | 850/1310nm  | SM/MM | Each | £12,280.00 |
| 807440 | MFTK-MM850-SM1550  | MultiFiber Pro | Kit  | 850/1550nm  | SM/MM | Each | £12,280.00 |

## Fluke Networks SimpliFiber Pro Power Meters

Optical power meter with SC adaptor

- Auto-senses source wavelength
- Measures optical power and loss at 850, 1300, 1310, 1490, 1550, 1625 nm wavelengths
- Dual wavelength testing enables testing to be completed in half the time
- Rugged, easy-to-use design
- Save up to 1,000 results

| Item   | Man. Code    | Description     | Type        | UoM  | Price     |
|--------|--------------|-----------------|-------------|------|-----------|
| 807445 | SFPOWERMETER | SimpliFiber Pro | Power Meter | Each | £1,070.00 |

## Fluke Networks Power Meter Adaptors

Set of power meter adaptors

- Supplied as a pair of adaptors

| Item   | Man. Code | Description          | Type | UoM             | Price   |
|--------|-----------|----------------------|------|-----------------|---------|
| 807486 | NFA-FC    | Power Meter Adaptors | FC   | Set Of 2 Pieces | £210.00 |
| 807161 | NFA-LC    | Power Meter Adaptors | LC   | Set Of 2 Pieces | £210.00 |
| 807162 | NFA-SC    | Power Meter Adaptors | SC   | Set Of 2 Pieces | £210.00 |
| 807163 | NFA-ST    | Power Meter Adaptors | ST   | Set Of 2 Pieces | £210.00 |

## Fluke Networks SimpliFiber Pro Light Sources

Singlemode and multimode light sources with fixed SC ports

- Hybrid test reference cords with different connector types available separately

| Item   | Man. Code          | Description     | Type         | Wavelength  | Mode | UoM  | Price     |
|--------|--------------------|-----------------|--------------|-------------|------|------|-----------|
| 807446 | SFMULTIMODESOURCE  | SimpliFiber Pro | Light Source | 850/1300nm  | MM   | Each | £985.00   |
| 807447 | SFSINGLEMODESOURCE | SimpliFiber Pro | Light Source | 1310/1550nm | SM   | Each | £1,918.00 |
| 807448 | SFSINGLEMODE2      | SimpliFiber Pro | Light Source | 1490/1625nm | SM   | Each | £1,857.00 |

## Fluke Networks SimpliFiber Pro Kits

SimpliFiber Pro Optical Power Meter and Fibre Test Kits provide basic fibre verification capabilities, advanced troubleshooting and inspection and documented loss and power measurements. Kits include all the tools necessary to verify and troubleshoot optical fibre cabling systems, measure loss and power levels and inspect and clean connector end-faces. They boast industry-leading functions such as dual wavelength testing and automatic-wavelength detection, in addition to unique features such as CheckActive, FindFiber, and Min/Max. These advanced yet easy to use capabilities reduce test times.

- Single port, simultaneous, dual wavelength testing completes testing in half the time and saves measurements from both wavelengths in a single report
- CheckActive feature emits an audible tone and displays an icon when a live fibre is detected, eliminating the need to set up a measurement
- FindFiber Remote ID enables one individual to quickly identify cable connections or routes
- Large internal memory can save 1000 results enabling continuous testing and recording
- 807450 includes VFL, Microscope and FindFiber
- 807451 includes VFL, FI-500 FiberInspector and FindFiber
- 807452 includes VFL, FI-500 FiberInspector, 2 x FindFiber and Fibre Cleaning Kit
- LinkWare Cable Test Management software helps to analyse test results and create professional test reports

**UoM:** Each

| Item   | Man. Code | Description         | Adaptor  | Wavelength              | Mode  | Price     |
|--------|-----------|---------------------|----------|-------------------------|-------|-----------|
| 807449 | FTK1000   | SimpliFiber Pro Kit | SC       | 850/1300nm              | MM    | £1,831.00 |
| 807450 | FTK1300   | SimpliFiber Pro Kit | LC/ST    | 850/1300nm              | MM    | £2,916.00 |

| 807454 | FTK2100   | SimpliFiber Pro Kit | SC       | 1310/1550 & 1490/1625nm | SM    | £4,175.00 |
| 807452 | FTK1475   | SimpliFiber Pro Kit | LC/ST/SC | 850/1300/1310/1550nm    | SM/MM | £6,698.00 |

## Fluke Networks Fiber OneShot Pro

Fiber OneShot Pro fills the gap between a VFL and an OTDR. They have the simplicity of a VFL but also provide distance and power information on high losses, breaks, and the end of the fibre. They also identify live fibres before commencement of testing.

- Works on singlemode (9/125) fibre
- 1550nm output wavelength. Compatible with standard PON wavelengths: 1310, 1490, 1550 and 1625nm
- Measures up to 23km (15 miles) in less than 5 seconds
- Find potential sources of high bit error rates caused by reflectance from dirty or poor connections
- Locates high loss splices, severe bends, dirty connectors and breaks in singlemode fibres
- Locates the end of a fibre
- Detects live optical signals before it begins testing
- Quick set-up - simply connect your fibre and press the TEST button
- Saves up to 99 results
- Long battery life: 1,500 tests (typical) from 2 AA alkaline batteries

| Item   | Man. Code     | Description       | Type | Adaptor | Mode | Included Items                    | UoM  | Price     |
|--------|---------------|-------------------|------|---------|------|-----------------------------------|------|-----------|
| 807456 | FOS-S         | Fiber OneShot Pro |      | SC      | SM   |                                   | Each | £1,355.00 |
| 807457 | FOS-100-S     | Fiber OneShot Pro | Kit  | SC      | SM   | UPC-UPC 2Mtr Patch Cord           | Each | £1,430.00 |
| 807458 | FOS-100-S-VFL | Fiber OneShot Pro | Kit  | SC      | SM   | VFL, UPC-UPC 2Mtr Patch Cord      | Each | £1,616.00 |
| 807459 | POS-SFP-PM    | Fiber OneShot Pro | Kit  | SC      | SM   | VFL, OPM, UPC-UPC 2Mtr Patch Cord | Each | £2,239.00 |

## Fluke Networks Fiber OneShot Pro Accessories

Accessories for use with Fiber OneShot testers

- Factory terminated, high performance launch cords and patch cords

| Item   | Man. Code        | Description | Connectors    | Fibre Type | Colour | Length | UoM  | Price  |
|--------|------------------|-------------|---------------|------------|--------|--------|------|--------|
| 807460 | FIBR-UPC-CORD-2M | Patch Cord  | SC/UPC        | SM         | Yellow | 2Mtr   | Each | £59.00 |
| 807461 | FIBR-AC-UUPC     | Launch Cord | SC/UPC        | SM         | Yellow | 1Mtr   | Each | £52.00 |
| 807462 | FIBR-AC-UAPC     | Launch Cord | SC/UPC-SC/APC | SM         | Yellow | 1Mtr   | Each | £52.00 |

## Fluke Networks Fibre QuickMap

Fibre QuickMap fills the gap between a VFL and an OTDR. They have the simplicity of a VFL but also provide distance and power information on high losses, breaks, and the end of the fibre.

- Works on both 50/125 and 62.5/125 multimode fibres
- Measures length and identifies high losses on multimode fibre
- Identifies live fibres before testing begins
- Locates the end of a fibre
- Quick and easy setup
- Find problems quickly. Six-second test time - no more blind troubleshooting that can waste hours
- Key information visible on a large display; power loss in db and distance in meters or feet
- Change the Index of Refraction (IOR) to improve fibre length accuracy
- Removable SC adaptor is easily cleaned
- Long battery life, 1,500 tests (typical) from 2 AA alkaline batteries

| Item   | Man. Code | Description    | Type | Adaptor | Mode | Included Items                   | UoM  | Price     |
|--------|-----------|----------------|------|---------|------|----------------------------------|------|-----------|
| 809638 | FQM-100-M | Fibre QuickMap | Kit  | SC      | MM   | SC/LC Launch Fibre & Carry Pouch | Each | £1,485.00 |
| 809732 | FQM-M     | Fibre QuickMap |      | SC      | MM   |                                  | Each | £1,363.00 |

## Fluke Networks FI-7000 FiberInspector Pro

The FI-7000 FiberInspector Pro enables inspection and automated certification of fibre optic connector end-faces in 1 second. The automated Pass/Fail certification takes the guess work out of fibre inspection making anyone a fibre expert.

- Inspect and certify end faces in 1 second
- Certifies to IEC 61300-3-35
- Automatic Pass/Fail certification
- Graphical indication of contamination, chips, pits and scratches
- Save images for inclusion in reports
- Optional Gold Service support for complete peace of mind
- Supplied with LC and FC/SC bulkhead tips and Universal 1.25mm and 2.5mm patch lead tips
- 807464 includes OneClick Cleaners and MPO Adaptor
- Additional inspection tips available

**UoM:** Each

## Fluke Networks FI-1000 Video Probes

Video probes for inspecting fibre end faces

- USB connection to suitable Fluke Networks Versiv test equipment

| Item   | Man. Code      | Description                        | Feature             | Adaptor                       | UoM  | Price     |
|--------|----------------|------------------------------------|---------------------|-------------------------------|------|-----------|
| 807465 | FI-1000        | USB Video Probe for Versiv         |                     |                               | Each | £1,220.00 |
| 807466 | FI-1000-KIT    | FI-1000 USB Video Probe for Versiv |                     | LC, FC/SC, 1.25mm, 2.5mm Tips | Each | £1,435.00 |
| 807811 | GLD-FI-1000KIT | Gold support for FI-1000KIT        | 1 Year Gold Support |                               | Each | £228.00   |

## Fluke Networks Video Probe Tips

Tips for Fluke Networks video inspection probes

- Enable testing of different connectors and ferrules
- Suitable for FI-1000, FI-7000 and FI-500 series inspection probes
- Easy screw fit

| Item   | Man. Code          | Description                               | Model      | UoM  | Price   |
|--------|--------------------|---|------------|------|---------|
| 807467 | FI1000-1.25APC-TIP | Universal Video Probe Tip for Patch Cords | 1.25mm APC | Each | £168.00 |
| 807468 | FI1000-2.5APC-UTIP | Universal Video Probe Tip for Patch Cords | 2.5mm APC  | Each | £168.00 |
| 807470 | FI1000-LCAPC-TIP   | Bulkhead Video Probe Tip                  | LC APC     | Each | £168.00 |
| 807472 | FI1000-SCAPC-TIP   | Bulkhead Video Probe Tip                  | SC APC     | Each | £168.00 |
| 807473 | FI1000-ST-TIP      | Bulkhead Video Probe Tip                  | ST         | Each | £168.00 |
| 807471 | FI1000-MPO-UTIP    | Probe Tip for Patch Cords and Bulkheads   | MPO/MTP    | Each | £748.00 |

## Fluke Networks Fibre Microscopes

Basic visual microscopes for inspecting fibre connector end faces

- Suitable for inspecting singlemode and multimode fibre end faces
- Built in safety filter to protect eyes

| Item   | Man. Code | Description  | Model           | Feature      | UoM  | Price   |
|--------|-----------|--------------|-----------------|--------------|------|---------|
| 807497 | FT140     | Fiber Viewer | 400X Microscope | For SM Fibre | Each | £479.00 |

## Fluke Networks NFC Cleaning Kits

Dirt, dust and other contaminants are the enemies of high-speed data transmission over optical fibre. Today's network applications require more bandwidth than ever, making loss budgets tighter than ever. Hence, it is critical that all optical connections are free of contaminants to avoid having application performance issues. Fluke Networks' Fibre Optic Cleaning Kits contain the best fibre optic cleaning tools to effectively remove the toughest contaminants in any fibre network. Choose between the easy to use Quick Clean Cleaners, the convenient cleaning cards/cube and the solvent pen to clean both patch cords and fibre end faces inside ports. All fibre optic cleaning materials are lint-free and enable an optimal wet and dry cleaning process.

- Contains everything needed to eliminate contamination, the number 1 cause of fibre optic link failure
- Clean all fibre connector types
- Quick Clean Cleaners are easy to use - no training required
- Solvent pen precisely dispenses specially formulated fibre optic cleaning solution
- Cleaning Cards and Cube for convenient cleaning of fibre end faces
- Rugged carrying case

| Item   | Man. Code      | Description                       | Kit Contents                                | UoM  | Price   |
|--------|----------------|-----------------------------------|---|------|---------|
| 807140 | NFC-KIT-CASE-E | Enhanced Fibre Optic Cleaning Kit | Case, Quick Clean Cleaners, Cube, Pen       | Each | £220.00 |
| 807141 | NFC-KIT-CASE   | Fibre Optic Cleaning Kit          | Case, Cube, Pen, 1.25 & 2.5 Swabs, 10 Cards | Each | £177.00 |

## Fluke Networks NFC Cleaning

Cleaning products for cleaning fibre end faces and ferrules

- Clean all fibre connector types
- Solvent pen precisely dispenses specially formulated fibre optic cleaning solution
- Cleaning Cards and Cube for convenient cleaning of fibre end faces

807142

807476

| Item   | Man. Code        | Description                       | Kit Contents                  | UoM        | Price  |
|--------|------------------|-----------------------------------|-------------------------------|------------|--------|
| 807475 | NFC-KIT-BOX      | Fibre Optic Cleaning Supplies     | Cube, Pen, 2.5 Swabs, 5 Cards | Each       | £80.00 |
| 807142 | NFC-CARDS-5PK    | Fibre Optic Cleaning Cards        |                               | Pack Of 5  | £22.00 |
| 807476 | NFC-CUBE         | Fibre Optic Cleaning Cube         |                               | Each       | £36.00 |
| 807144 | NFC-SOLVENTPEN   | Fibre Optic Cleaning Solvent Pen  |                               | Each       | £13.00 |
| 807478 | NFC-SWABS-1.25MM | Fibre Optic Cleaning Swabs 1.25mm |                               | Pack Of 25 | £26.00 |
| 807477 | NFC-SWABS-2.5MM  | Fibre Optic Cleaning Swabs 2.5mm  |                               | Pack Of 50 | £22.00 |

## Fluke Networks Quick Clean Cleaners

Mechanical cleaning tools designed to clean fibre optic connector end faces on patch cables, within adapters or patch panels. Particularly effective at removing contaminants during fibre optic installation, including: road dust (ISO 12103-1), skin oil residue, salt water residue, alcohol residue, vegetable residue, graphite dryer lint, hand lotion and distilled water residue.

- Simple pushing motion to engage tool
- Audible CLICK to alert the user when tool is fully engaged
- Clean over 525 end faces per unit
- Tip extender to 208mm for hard to reach connectors
- Crush resistant to over 250N
- Impact resistant to survive drops over 1.5m
- Options for 1.25mm, 2.5mm and MPO ferrules

| Item   | Man. Code          | Description         | Type           | Ferrule Size | UoM       | Price   |
|--------|--------------------|---------------------|----------------|--------------|-----------|---------|
| 807146 | QuickClean-1.25-1P | Quick Clean Cleaner | LC/MU          | 1.25mm       | Each      | £67.00  |
| 807145 | QuickClean-1.25-5P | Quick Clean Cleaner | LC/MU          | 1.25mm       | Pack Of 5 | £275.00 |
| 807149 | QuickClean-2.5-1P  | Quick Clean Cleaner | SC/ST/FC/E2000 | 2.5mm        | Each      | £67.00  |
| 807147 | QuickClean-2.5-5P  | Quick Clean Cleaner | SC/ST/FC/E2000 | 2.5mm        | Pack Of 5 | £275.00 |
| 807151 | QuickClean-MPO-1P  | Quick Clean Cleaner | MPO            |              | Each      | £86.00  |
| 807150 | QuickClean-MPO-5P  | Quick Clean Cleaner | MPO            |              | Pack Of 5 | £366.00 |

## Fluke Networks Multimode Launch Leads

Multimode launch leads for use with OTDRs

- Provide controlled launch conditions
- Available in 62.5/125 and 50/125 variants
- Available with a range of connector types
- Supplied in a handy storage pouch

| Item   | Man. Code   | Description  | Connectors | Mode | Fibre Type | Colour | Length | UoM  | Price   |
|--------|-------------|--------------|------------|------|------------|--------|--------|------|---------|
| 807480 | MMC-50-SCFC | Launch Cable | SC-FC      | MM   | 50/125     | Aqua   | 100Mtr | Each | £264.00 |
| 807152 | MMC-50-SCLC | Launch Cable | SC-LC      | MM   | 50/125     | Aqua   | 100Mtr | Each | £264.00 |
| 807153 | MMC-50-SCSC | Launch Cable | SC-SC      | MM   | 50/125     | Aqua   | 100Mtr | Each | £264.00 |
| 807154 | MMC-50-SCST | Launch Cable | SC-ST      | MM   | 50/125     | Aqua   | 100Mtr | Each | £264.00 |
| 807481 | MMC-62-SCFC | Launch Cable | SC-FC      | MM   | 62.5/125   | Orange | 100Mtr | Each | £264.00 |
| 807155 | MMC-62-SCLC | Launch Cable | SC-LC      | MM   | 62.5/125   | Orange | 100Mtr | Each | £264.00 |
| 807156 | MMC-62-SCSC | Launch Cable | SC-SC      | MM   | 62.5/125   | Orange | 100Mtr | Each | £264.00 |
| 807157 | MMC-62-SCST | Launch Cable | SC-ST      | MM   | 62.5/125   | Orange | 100Mtr | Each | £264.00 |

## Fluke Networks Singlemode Launch Leads

Singlemode launch leads for use with OTDRs

- Provide controlled launch conditions
- Available with a range of connector types
- Supplied in a handy storage pouch

| Item   | Man. Code     | Description  | Connectors | Mode | Fibre Type | Colour | Length | UoM  | Price   |
|--------|---------------|--------------|------------|------|------------|--------|--------|------|---------|
| 807491 | SMC-9-SCFC    | Launch Cable | SC-FC      | SM   | 9/125      | Yellow | 160Mtr | Each | £264.00 |
| 807164 | SMC-9-SCLC    | Launch Cable | SC-LC      | SM   | 9/125      | Yellow | 160Mtr | Each | £264.00 |
| 807165 | SMC-9-SCLCAPC | Launch Cable | SC-ICAPC   | SM   | 9/125      | Yellow | 160Mtr | Each | £264.00 |
| 807166 | SMC-9-SCSC    | Launch Cable | SC-SC      | SM   | 9/125      | Yellow | 160Mtr | Each | £264.00 |
| 807167 | SMC-9-SCSCAPC | Launch Cable | SC-SCAPC   | SM   | 9/125      | Yellow | 160Mtr | Each | £264.00 |
| 807168 | SMC-9-SCST    | Launch Cable | SC-ST      | SM   | 9/125      | Yellow | 160Mtr | Each | £264.00 |
| 807169 | SMC-9-STST    | Launch Cable | ST-ST      | SM   | 9/125      | Yellow | 160Mtr | Each | £264.00 |

## Fluke Networks EF Test Reference Cords Kits

Test reference cord kits for use with optical loss test sets

- Kit comprises two Encircled Flux (EF) compliant launch leads and two receive leads
- Ensure accurate results
- Provide encircled flux launch conditions
- Available with a range of connector types

| Item   | Man. Code          | Description             | Launch Cond. | Connectors | Mode | Fibre Type | Colour | Length | UoM  | Price   |
|--------|--------------------|-------------------------|--------------|------------|------|------------|--------|--------|------|---------|
| 807069 | MRC-50EFC-SCFCKIT  | Test Reference Cord Kit | EF Compliant | SC-FC      | MM   | 50/125     | Aqua   | 2Mtr   | Each | £347.00 |
| 807158 | MRC-50EFC-SCLCKIT  | Test Reference Cord Kit | EF Compliant | SC-LC      | MM   | 50/125     | Aqua   | 2Mtr   | Each | £347.00 |
| 807159 | MRC-50EFC-SCSCKIT  | Test Reference Cord Kit | EF Compliant | SC-SC      | MM   | 50/125     | Aqua   | 2Mtr   | Each | £347.00 |
| 807160 | MRC-50EFC-SCSTKIT  | Test Reference Cord Kit | EF Compliant | SC-ST      | MM   | 50/125     | Aqua   | 2Mtr   | Each | £347.00 |
| 807482 | MRC-625EFC-SCFCKIT | Test Reference Cord Kit | EF Compliant | SC-FC      | MM   | 62.5/125   | Orange | 2Mtr   | Each | £347.00 |
| 807483 | MRC-625EFC-SCLCKIT | Test Reference Cord Kit | EF Compliant | SC-LC      | MM   | 62.5/125   | Orange | 2Mtr   | Each | £347.00 |
| 807484 | MRC-625EFC-SCSCKIT | Test Reference Cord Kit | EF Compliant | SC-SC      | MM   | 62.5/125   | Orange | 2Mtr   | Each | £347.00 |
| 807485 | MRC-625EFC-SCSTKIT | Test Reference Cord Kit | EF Compliant | SC-ST      | MM   | 62.5/125   | Orange | 2Mtr   | Each | £347.00 |

## Fluke Networks Duplex Test Reference Cords

Pair of duplex multimode test reference cords

- 50/125 fibre
- LC connectors
- Supplied with mandrels

| Item   | Man. Code    | Description                 | Connectors | Mode | Fibre Type | Colour | UoM  | Price   |
|--------|--------------|-----------------------------|------------|------|------------|--------|------|---------|
| 807487 | NFK2-DPLX-LC | Duplex Test Reference Cords | LC         | MM   | 50/125     | Aqua   | Each | £259.00 |

## Fluke Networks Mandrels

Used to control light launch conditions in to multimode fibres

- Variants for 50/125 and 62.5/125 fibres
- Suitable for use with 3mm OD cables
- Not required when using Encircled Flux (EF) launch leads

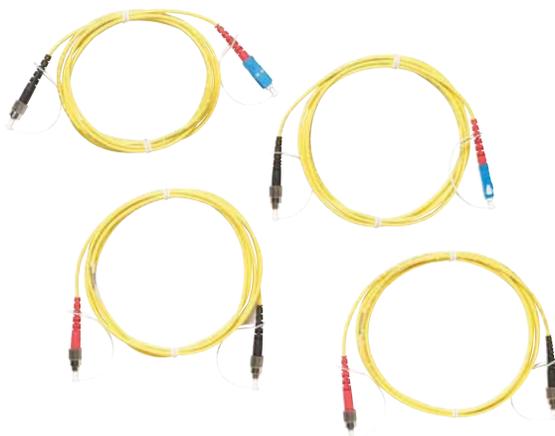

| Item   | Man. Code      | Description | Cable Dia | Fibre Type | Core     | Colour | UoM  | Price  |
|--------|----------------|-------------|-----------|------------|----------|--------|------|--------|
| 807488 | NF-MANDREL-50  | Mandrel     | 3mm       | MM         | 50/125   | Red    | Each | £21.00 |
| 807490 | NF-MANDREL-625 | Mandrel     | 3mm       | MM         | 62.5/125 | Grey   | Each | £21.00 |

## Fluke Networks Singlemode Test Reference Cords

Test reference cords for singlemode testing using OLTS

- Ensure accurate test results
- Available with a range of connector types
- MPO 12 fibre cords also available

**UoM:** Each    **Colour:** Yellow

| Item   | Man. Code          | Description             | Connectors    | Mode | Fibre Type | MPO Type                  | Length | Price   |
|--------|--------------------|-------------------------|---------------|------|------------|---------------------------|--------|---------|
| 807492 | SRC-9-SCFC-KIT     | Test Reference Cord Kit | SC-FC/FC-FC   | SM   | 9/125      |                           | 2Mtr   | £151.00 |
| 807171 | SRC-9-SCLCAPCKIT   | Test Reference Cord Kit | SC-LC/APC     | SM   | 9/125      |                           | 2Mtr   | £151.00 |
| 807170 | SRC-9-SCLC-KIT     | Test Reference Cord Kit | SC-LC/LC-LC   | SM   | 9/125      |                           | 2Mtr   | £151.00 |
| 807173 | SRC-9-SCSCAPCKIT   | Test Reference Cord Kit | SC-SC/APC     | SM   | 9/125      |                           | 2Mtr   | £151.00 |
| 807172 | SRC-9-SCSC-KIT     | Test Reference Cord Kit | SC-SC         | SM   | 9/125      |                           | 2Mtr   | £151.00 |
| 807174 | SRC-9-SCST-KIT     | Test Reference Cord Kit | SC-ST/ST-ST   | SM   | 9/125      |                           | 2Mtr   | £151.00 |
| 807493 | TRC-SM-MPOAPC-PP-A | Test Reference Cord     | MPOAPC/MPOAPC | SM   | 9/125      | Pinned/Pinned, Type A     |        | £182.00 |
| 807494 | TRC-SM-MPOAPC-UP-A | Test Reference Cord     | MPOAPC/MPOAPC | SM   | 9/125      | Unpinned/Pinned, Type A   |        | £182.00 |
| 807495 | TRC-SM-MPOAPC-UU-A | Test Reference Cord     | MPOAPC/MPOAPC | SM   | 9/125      | Unpinned/Unpinned, Type A |        | £182.00 |

## Fluke Networks VisiFault

The laser-powered VisiFault Visual Fault Locator is a fibre continuity tester that locates fibres and verifies cable continuity and polarity. This cable continuity tester helps find breaks in cables, connectors and splices. Continuous and flashing modes make for easier identification. Ruggedly constructed for demanding field-testing.

- Locates visual faults including tight bends, breaks and bad connectors
- Continuous and flashing modes for easier identification
- Accelerates end-to-end fibre checks
- Easily verifies polarity and identifies fibres
- Supplied with Universal 2.5mm adaptor
- Over 80 hours of battery life with two AA batteries
- A 1.25mm adaptor is also available

| Item   | Man. Code | Description                    | Adaptor          | UoM  | Price   |
|--------|-----------|--------------------------------|------------------|------|---------|
| 807175 | VISIFault | VisiFault Visual Fault Locator | 2.5mm Universal  | Each | £340.00 |
| 807499 | NF380     | VisiFault Adaptor              | 1.25mm Universal | Each | £112.00 |

## Fluke Networks CableIQ Testers

The CableIQ qualification tester is the ultimate cabling bandwidth tester for network technicians. CableIQ enables even the most novice technician to establish what data rates the existing cabling can support, quickly isolate cabling from network problems and discover devices at the far end of any cable. Network technicians can close trouble tickets faster, reduce on-call time and save money by better utilisation of the existing infrastructure.

- Detects speed and duplex settings of attached switches and PCs
- Intelligent wiremap graphically shows distance to faults
- Test ability of cable to support VoIP, voice and 10/100/1G Ethernet
- Frees up switch ports and identifies unused cables
- Tests twisted pair, coax and audio copper wires
- Core troubleshooting features: length, distance to fault, graphical wire mapping, opens, shorts, power over Ethernet (POE) detection
- Locates and traces cables using IntelliTone technology. (Requires IntelliTone Pro 200 Probe, included with 798820 and 807501)

**UoM:** Each

## Fluke Networks MicroMapper

The MicroMapper quickly and easily tests twisted pair cabling, providing visibility of opens, shorts, crossed, reversed and split pairs. Just push the TEST button and MicroMapper will automatically scan all wire pairs for any existing faults on the cable. The MicroMapper's built-in tone generator works with the IntelliTone Pro Probe or any other analogue probe. The MicroMapper also includes a remote unit that allows one person to test installed cabling or patch cords.

- Testing of twisted pairs for open circuits, shorts and crossed, reversed and split pairs
- Easy-to-read fault display
- Tone generator for tracing installed cables hidden in walls, floors and ceilings
- Remote unit enables single-person testing of cables

| Item   | Man. Code   | Description | UoM  | Price   |
|--------|-------------|-------------|------|---------|
| 807517 | MT-8200-49A | MicroMapper | Each | £137.00 |

## Fluke Networks MicroScanner2

The MicroScanner2 Cable Verifier displays graphical wiremap, pair lengths, distance to fault, cable ID and far end device all at once. The integrated RJ11, RJ45, and coax cable test ports support virtually any type of low-voltage cable testing with no need for awkward adapters. The end result is reduced test time and technician error.

- RJ11, RJ45 and coax interfaces all on one device
- Displays cable length, wiremap, cable ID and distance to fault on one screen
- Detects applications such as 10/100/1G Ethernet, telephone and PoE
- IntelliTone digital and analogue toning enables tracing of virtually any cable or wire pair
- Integrated rubber holster enhances grip and makes it durable enough for the toughest jobs

## Fluke Networks IntelliTone Pro 200

The IntelliTone Pro 200 LAN Toner and Probe offers digital and analogue signalling. It is equipped with the most powerful cable location technologies for any work environment. Use digital mode to trace and locate data cabling safely and effectively on active networks. Use analogue mode to isolate individual wire pairs, and trace voice, audio, and video cabling. The IntelliTone Pro 200 LAN Toner and Probe Series facilitates the locating of cables hidden in floors, ceilings, walls and in bundles.

- Locates cables hidden in floors, walls, ceilings and in bundles
- IntelliTone digital toning rejects noise and false signals
- Locates cables on active networks, even when connected to a switch
- Isolates cable and wiring within a bundle, despite cable bleed
- Confirms cable location, verifies continuity, and detects faults (opens, shorts, and reversed pairs) in one step
- SmartTone analogue toning technology effectively traces and locates voice, audio and video cables
- Isolates individual wire pairs precisely by changing tone when shorted

| Item   | Man. Code      | Description                                 | UoM  | Price   |

| 807178 | MT-8200-63A    | IntelliTone Pro 200 Probe                   | Each | £136.00 |

## Fluke Networks TS90 & TS100 Cable Fault Finders

Easy-to-use, three-in-one testers

- Locate faults, manage cable inventory and tone using SmartTone technology
- Find the distance to shorts on electrical wire, telephone wire, security wire and coax
- Measure amount of cable left on a spool or drum

## Fluke Networks TS19 Test Sets

Test sets that provide all of the essential test features at an affordable price

- High impedance DataSafe operation in monitor mode
- DTMF tone and pulse operation and last number redial
- Polarity indication in talk mode

| Item   | Man. Code | Description   | Test Lead                       | UoM  | Price  |
|--------|-----------|---------------|---------------------------------|------|--------|
| 807518 | 19800003  | TS19 Test Set | Banana Jacks to Alligator Clips | Each | £89.00 |
| 807519 | 19800009  | TS19 Test Set | Angled Bed of Nails (ABN)       | Each | £86.00 |

## Fluke Networks TS25D LCD Test Sets

Test set with LCD display screen

- Caller ID and call waiting Caller ID
- Hands free operation using amplified speakers
- Data lockout and data lockout override for complete safety in talk or monitor mode
- Tone generator for wire identification
- Talk battery for voice conversations on unpowered lines

| Item   | Man. Code | Description                          | Test Lead                 | UoM  | Price   |
|--------|-----------|--------------------------------------|---------------------------|------|---------|
| 807529 | 25501004  | TS25D Test Set                       | 346A Plug                 | Each | £194.00 |
| 807530 | 25501009  | TS25D Test Set                       | Angled Bed of Nails (ABN) | Each | £165.00 |
| 807531 | 25501109  | TS25D Test Set with Earphone & Pouch |                           | Each | £177.00 |

## Fluke Networks TS30 Test Sets

Rugged test set case design with ergonomic non-slip handle

- High impedance DataSafe operation in monitor mode
- DropSafe and RainSafe technologies protect test sets from drops and moisture
- Mute switch
- Last number redial facility

| Item   | Man. Code | Description   | Test Lead                 | UoM  | Price   |
|--------|-----------|---------------|---------------------------|------|---------|
| 807532 | 30800001  | TS30 Test Set | Piercing Pin Clips        | Each | £172.00 |
| 807533 | 30800009  | TS30 Test Set | Angled Bed of Nails (ABN) | Each | £172.00 |

## Fluke Networks TS54 Pro Test Sets

A three in one (TDR, toner and pair identifier) premium VDV test set

- TDR gives length measurement and locates faults on virtually all cable types
- Five tones to easily differentiate between multiple wire pairs
- SmartTone technology for exact pair identification
- Warns when data is present on the line
- Voltage indication/measurement
- Current indication/measurement
- Verifies Caller ID with Call Waiting Caller ID
- Detects dial tone, makes and receives calls
- Isolates faulty customer premise equipment through DTMF Digit Grabbing

| Item   | Man. Code     | Description       | Test Lead                            | UoM  | Price   |
|--------|---------------|-------------------|--------------------------------------|------|---------|
| 807539 | TS54-A-09-TDR | TS54 Pro Test Set | ABN & Piercing Pin Clips             | Each | £456.00 |
| 807540 | TS54-BANA     | TS54 Pro Test Set | 4mm Banana, ABN & Piercing Pin Clips | Each | £456.00 |

## Fluke Networks Test Set Accessories

A range of accessories for use with Fluke Networks test sets

- Test leads for connection to different connectors and wires

| Item   | Man. Code     | Description                     | Connector Type                                 | UoM  | Price  |
|--------|---------------|---------------------------------|--|------|--------|
| 807572 | LEAD-ABNPRJ11 | Test Lead for TS23, TS53 & TS54 | ABN, RJ11 & Piercing Pin Clips                 | Each | £37.00 |
| 807573 | LEAD-ABN-PPIN | Test Lead for TS23, TS53 & TS54 | ABN & Piercing Pin Clips                       | Each | £52.00 |
| 807574 | LEAD-ALIG-CLP | Test Lead for TS23, TS53 & TS54 | Alligator Clips                                | Each | £52.00 |
| 807575 | LEAD-BANA-CLP | Test Lead for TS23, TS53 & TS54 | 4mm Banana, Extra Large Alligator & Test Probe | Each | £52.00 |

## Fluke Networks D914 Impact Tools

Impact tool that combines torque and impact

- Hook and spudger tools integrated in handle
- High or Low impact settings
- Suitable for 66 and 110 style blades

| Item   | Man. Code | Description      | Blade Type           | UoM  | Price  |
|--------|-----------|------------------|----------------------|------|--------|
| 807191 | 10051000  | D914 Impact Tool | No Blade             | Each | £41.00 |
| 807192 | 10051100  | D914 Impact Tool | 66 Blade             | Each | £45.00 |
| 807193 | 10051110  | D914 Impact Tool | 110 Blade            | Each | £45.00 |
| 807194 | 10051120  | D914 Impact Tool | 66 & 110 Blade       | Each | £54.00 |
| 807195 | 10051501  | D914 Impact Tool | 66, 110 & Free Blade | Each | £54.00 |

## Fluke Networks D914S Impact Tools

SoffTouch 914S impact tool has a soft rubber handle for improved grip and greater cushioning of impact forces

- Hook and spudger tools built in to the handle
- High and Low impact settings
- Blade storage facility in handle
- Accepts 66 and 110 style termination blades as well as screwdriver blades

| Item   | Man. Code | Description                         | Blade Type             | UoM  | Price  |
|--------|-----------|-------------------------------------|------------------------|------|--------|
| 807584 | 10061000  | D914S Impact Tool                   | No Blade               | Each | £49.00 |
| 807585 | 10061100  | D914S Impact Tool                   | 66 Blade               | Each | £54.00 |
| 807587 | 10061110  | D914S Impact Tool                   | 110 Blade              | Each | £54.00 |
| 807588 | 10061120  | D914S Impact Tool                   | 66 & 110 Blade         | Each | £61.00 |
| 807589 | 10061810  | D914S Impact Tool                   | 66/110 Cut Blade       | Each | £46.00 |
| 807590 | 10061503  | D914S Impact Tool                   | BIX & 66/110 Cut Blade | Each | £72.00 |
| 807591 | 10061501  | D914S Impact Tool                   | 66, 110 & Free Blade   | Each | £61.00 |
| 807592 | 10051200  | Screwdriver Blade (D914 & D914S)    |                        | Each | £19.00 |
| 807593 | 10051300  | Torque Adaptor Blade (D914 & D914S) |                        | Each | £26.00 |

## Fluke Networks D814 Impact Tools

Deluxe telecom punchdown tool

- High and Low impact settings
- Accepts 66 and 110 style blades
- Convenient blade storage in handle

| Item   | Man. Code | Description      | Blade Type             | UoM  | Price  |
|--------|-----------|------------------|------------------------|------|--------|
| 807594 | 10054000  | D814 Impact Tool | No Blade               | Each | £36.00 |
| 807596 | 10055110  | D814 Impact Tool | 110 Blade              | Each | £40.00 |
| 807597 | 10055200  | D814 Impact Tool | 66 & 110 Blade         | Each | £48.00 |
| 807598 | 10055501  | D814 Impact Tool | 66, 110 & Free Blade   | Each | £48.00 |
| 807599 | 10055503  | D814 Impact Tool | BIX & 66/110 Cut Blade | Each | £60.00 |

## Fluke Networks Round Cable Stripper

Round cable stripper for a variety of flexible round cables

- Facilitate the easy removal of cable sheaths
- Adjustable cutting depth
- Designed for one-handed use

| Item   | Man. Code | Description    | Type        | UoM  | Price  |
|--------|-----------|----------------|-------------|------|--------|
| 807202 | 11230002  | Cable Stripper | Round Cable | Each | £21.00 |

## Fluke Networks Coax Cable Strippers

Coax cable strippers with 2 or 3 levels

- Suitable for use on RG58 and RG59 coax cables

| Item   | Man. Code | Description   | Type        | UoM  | Price  |
|--------|-----------|---------------|-------------|------|--------|
| 807203 | 11231255  | Coax Stripper | 2 & 3 Level | Each | £19.00 |
| 807204 | 11231257  | Coax Stripper | 2 Level     | Each | £19.00 |

## Fluke Networks Cable Splicing Knife

Ideal for splitting cable sheaths

- Soft, non-slip handle
- Short (4.4cm) blade for strength
- Cutlery steel quality blade for durability

| Item   | Man. Code | Description          | UoM  | Price  |
|--------|-----------|----------------------|------|--------|
| 807205 | 44400000  | Cable Splicing Knife | Each | £15.00 |

## Fluke Networks D-Snips

Electrician's D-Snips for cutting and stripping wires

- Ergonomic design to leverage extra power
- Forged steel construction for durability and strength
- Non-slip serrated blade for wire cutting
- File and scraper on both blades for cleaning wires
- Notched blade for stripping 19AWG and 23AWG wires
- Will cut up to 16AWG solid and 12AWG stranded wires

| Item   | Man. Code | Description | UoM  | Price  |
|--------|-----------|-------------|------|--------|
| 807206 | 44300000  | D-Snips     | Each | £17.00 |

## Fluke Networks Can Wrenches

Enable universal access to telephone boxes and pedestals

- Opens telephone box fasteners and tightens nuts on binding post terminals
- 7/16" and 3/8" hex heads
- Option for integral cable stripper

| Item   | Man. Code | Description | Type                | UoM  | Price  |
|--------|-----------|-------------|---------------------|------|--------|
| 807207 | 44007000  | Can Wrench  | Hex Head            | Each | £11.00 |
| 807208 | 44507004  | Can Wrench  | With Stripper 24 GA | Each | £23.00 |
| 807209 | 44507003  | Can Wrench  | With Stripper 22 GA | Each | £23.00 |

## Fluke Networks Electrician's Scissors

Versatile electrician's scissors for cutting and stripping wires

- Forged steel construction for strength and durability
- Will cut up to 16AWG solid and 12AWG stranded wires
- Notched blade for stripping 19 and 23AWG wires

| Item   | Man. Code | Description            | UoM  | Price  |
|--------|-----------|------------------------|------|--------|
| 807213 | 44500000  | Electrician's Scissors | Each | £15.00 |

## Fluke Networks Double Slotted Strippers

Double slotted strippers for a range of wire sizes

- Available with or without cutter

| Item   | Man. Code | Description             | Type        | Wire Size   | UoM  | Price  |
|--------|-----------|-------------------------|-------------|-------------|------|--------|
| 807210 | 44210015  | Double Slotted Stripper | With Cutter | 24/26 Gauge | Each | £39.00 |
| 807211 | 44200013  | Double Slotted Stripper |             | 22/24 Gauge | Each | £17.00 |
| 807212 | 44210013  | Double Slotted Stripper | With Cutter | 22/24 Gauge | Each | £40.00 |

## Fluke Networks ProTool Kits

Handy kits containing commonly used cable termination tools

- Ergonomically designed Dur-a-Grip pouch for convenient tool storage on belts
- Kits contain impact tool, D-Snips, cable stripper and 66/110 blade
- Empty pouches also available

ProTool Kit IS40
