APC ADAPTORS

Simplex & Duplex

Technical Datasheet

Ultima Wall Mount Fibre Optic Termination Boxes are used for the direct termination of fibres. Each box has multiple 20mm cable entries, The Box is separated into two distinct sections for fusion splice trays and for routing optical connecting modules to the equipment.

Features:

♦ Range of fibre optic SC/APC and LC/APC adaptors

♦ Singlemode available

♦ For mounting in fibre panels, wall boxes and fibre faceplates

♦ LC Duplex has SC Simplex footprint

♦ LC Quad has SC Duplex footprint

Technical :

Work Temperature	-40 °C ~+85 °C
Relative Humidity	= 85% (+30 °C)
Insert Loss	= 0.1dB
APC Return Loss	= 60dB
Insert and Pull out Life	= 500 times

Part No.	Description
800274	LC/APC Duplex Adaptor
782136	SC/APC Simplex Adaptor
782139	SC/APC Duplex Adaptor
